## Indifferent Stock Market With Many Unimportant Declines --- Local Gas Shares Firm ONE WOMAN IS CAUSE

## HALF POINT DECLINES NUMEROUS EFFECT OF DEMAND WITH FEW SLIGHT GAINS. STEEL WAS WEAK.

NEW YORK, June 30.—It becomes TODAY'S SALES ON more and more evident every day that an advance, if there is one, must be led by the Harriman stocks. It is prac-tically the only leadership that has the confidence of the Street and is equaled confidence of traders only by a move-nent liable to development any minute in United States Steel. Just at present there is an air of mystery about the Southern Pacific Railroad Company and its plans. It is being privately touted as about the best thing on the list to buy and predictions of more or less important news to be given out this week were numerous. Many traders that turned an honest dollar in the Steel, common, shares yesterday transferred margin accounts back of South ern Pacific trades today.

### Steel Easier.

The prospect of labor troubles cause something of a setback in the Steel shares, this time the tin workers being up in arms against an open shop. I doesn't seem as if much of anything but lack of orders can materially injure the Steel Corporation's position. It is solid, and the taking of liberties with its shares has sent many a bear looking for the remnant of his bank account Officials of the corporation expect to avoid a strike. The Government call from its depositories for \$25,000,000 will have no effect in the money market.

## A Powerful Influence Needed.

The market has reached the stag where manipulation or positive news of some character is needed to jack price

higher than they are.
Stockholders of Kansas City Souther yesterday voted to put out \$21,090,00 refunding improvement bonds. The in erboro-Metropolitan were refused th privilege of a further bond issue b the Public Service Commission, thi having much to do with checking the advance started yesterday morning.

During the first two hours of tradin the volume of business was moderated large, letting up just before the neo hour. Prices eased off from a firme opening, and then came again wit some gains, none worthy of special mention, with the exception of Souther

During the noon hour the list settled back to complete duliness. Everything became easier settling down, with the exception of Southern Pacific, on which the built pwas quite general by this time. Preferred Steel also responded fairly well as to holding its recovery. Declines.

which started at 69%, the fraction be ing an advance. Then it dropped to 68 and made a recovery to 68% and off t 68% again. The preferred acted bette opening at 126%, dropped to 125%, and recovered to 125%, holding firm. Other metal stocks generally slightly lower. In the rails Southern Pacific gains

In the rails Southern Pacific gained and held % improvement. St. Paul, Reading, Pennsy, Missouri Pacific, and many other stocks slow and steady. Union Pacific made % gain and held % net. New York Central lost %. Baltimore and Ohio %, Denver %. Great Northern % on a decrease in earnings, while Nipper gained ½.

Very Dull Very Dull.

In the noon hour the market was jus about as dull as possible. It is liable to improve in the last two hours of the session, but speculators generally disposed to wait some incentive before giving the market much attention.

During the second hour of the afternoon the changes in the market were not at all important, averaging perhaps ½ of a point above the low prices of the day, this change being general. There was no increase in the volume of Business, and the indications entering the last hour of the session were rather indicative of a slow and easy closing, unless some of the early short sellers rush to cover on the scalping profits offered by the declines. disposed to wait some incentive before

## HEDGES REFUSES OFFER.

ST. LOUIS, June 30.— President ledges, of the Browns, has turned down Little Rock's demands for Jack O'Connor, who it is generally understood is wanted to succeed McAleer as manager of the Browns. Little Rock demanded Pitcher Balley, Catcher Sn and Outfielder McAleese in excha Hedges declines Little Rock's ter though admitting he would like to O'Connor for chief of his scouting

have no effect in the money market.

Bull tips on Erie given out at the close of Tuesday's market had some little effect, ½-point rise, due to the statement that three new directors would be elected and some statement made to the public.

Rock Island showed good strength in response to the splendid corn weather, and the expectations of a crop of 3,000,000,000 bushels based on present conditions and the record-breaking acreage. Crop reports generally were favorable, but they had little effect on the list so far as the grangers are concerned.

## POLICEMAN KILLED WHEN AUTO TURNS

Big Car Hurled Into Ditch and Occupants Are Pinned Under Wreckage-Five Others Injured and One May Die.

NEW YORK, June 30 .- Policeman | William Joppert, aged twenty-three, Thomas B. McEnroe, of Sheepshead Bay Station, was instantly killed early today, when a big automobile, in which he was riding at fifty miles an hour along Ocean avenue, was hurled into a ditch, and overturned, pinning the occupants beneath the wreckage.

George Olney, chauffeur, contus'ons

Edgar J. Elliott, aged twenty, broken collar bone, internal injuries, and concussion of the brain; may die.

The automobile was running fast Six other men were in the machine at the time. Five were badly injured and one may die. They are:

John Bohan, aged twenty-eight, concussion of the brain and internal injuries.

Harry Wayland, aged twenty-four, internal injuries, contusions, and scalp wounds.

The automobile was running fast when a passenger alighted from an Ocean avenue car in the path of the machine. The chauffeur swerved his machine so suddenly that one of the wheels collapsed, and the machine turned a double somersault and landed fifty feet ahead, upside down. Some women passengers on the street car hurried to the ald of the wounded men. McEnroe, who was in citizen clothing, was identified at the morgue.

## OPPOSES SHAKE-UP

There was some sensation in the Senate today when Senator Cummins discussed the stories of widespread and far-reaching shake-ups in the depart-

The Iowan charged that this discussion of departmental reforms and eco-nomies at this time was manifestly part of a project to make it appear that by dint of economies and better business management, the Government expenses could be reduced, and so there would be no need for more revenus, and consequently no need to pass an in-

Mr. Cummins strongly indicated the

Mr. Cummins strongly indicated the feeling that all this was mere pretext. He pointed out, following a discussion of the fiscal affairs of the Government, that "everybody knows perfectly that the expenses of government are bound to increase, not to dimirish. It is inevitable.

"The Senator from Wisconsin the other day painted here a picture of industrial consolidation and aggregation which amounts to impending industrial revolution, and ultimately to reducing the masses of workers to a condition of industrial slavery. That is what must be its outcome unless government shall impose the strong arm of its regular power, nerved by a determined policy to protect the people."

## BAD LUCK.

It is unlucky to be kicked on the head by a chestnut horse on a Friday. When picking up a lucky horseshoe take care not to be run over. It is better to go without the horseshoe. It is unlucky to be the thirteenth guest at a dinner table which is laid for twelve only. The proper course is to wait for an invitation. is unlucky when traveling by rail e alone in the carriage with a homiidal maniac.

COAT BOOK IN INTERACLS.

It was at one time forbidden to bring typewriters into Turkey for fear the Young Turke should use the machines to manifold and disseminate manifostows, which not being in handwiding would not disclose their authorship. Once a parcel of hymn books was summarily confiscated by Turkish officials because they included "Shall We Gather at the River?" and this was officially construed as an invitation to rebellion.

# WASHINGTON EXCHANGE CAMP GOOD WILL

Fifty Mothers and Children Are Comfortably Housed in Tents.

At 1 o clock today the Stars and Stripes fluttered to the peak of the flag-pole at Camp Good Will, and the vacation home for the tired mothers and sick children of Washington was de-

clared officially open. Fifty mothers and children were comfortably housed in the tents the summer outings committee has provided, and the camp was running as smoothly as though it had been in operation all season. The experience of the past seven years has taught those in charge en years has taught those in charge of the camp just what to do to make their guests happy and contented. The first group of those designated to receive the bounty of the District citizens met at the offices of the Associated Charities at 1 o'clock this afternoon, where Dr. Joseph Heller conducted an examination to determine that all in the party were free from corragious diseases.

This test successfully passed the party

party were free from corragious diseases.

This test successfully passed, the party started for Camp Good Will at 2 o'clock, where they were received by Miss M. D. Stuart, superintendent of the camp, and installed in their quarters for a period of two week.s

Every week fifty mothers and children will be sent to Camp Good Will and twenty to Camp Pleasant. Every day there will be excursions and trolley rides for those who cannot go to the camp.

## OFFICIALS APPROVE PUBLIC FOUNTAINS

The installation of public drinking fountains in the principal thoroughfares is favored by the Commissioners.

"I am heartily in favor of providing filtered Potomac water, especially during the hot weather," said Commissioner Macfarland. "If the Water Department has the means, I think the fountains should be provided, even if the water is warm, as would be the case, as we can not supply ice."

Commissioner Judson said today that he will investigate wit ha view of ascertaining the amount available for this purpose.

## ASKS BIG DAMAGES.

NEWARK, N. J., June 30.—Mrs. Frances J. Ridley, of Atlanta, who was accused in March of stealing \$5,000 worth of jewels from Mrs. Andrew Albright, ir., on a Pennsylvania raliroad train, has brought suit for \$35,000 damages against Mr. Albright. The case against Mrs. Ridley was recently dropped.

Attractive Mrs. Kelley Goes Into Exile to Escape Shadow of Tragedies That Have Hung Over Her Life.

CARUTHERSVILLE, Mo., June 30.—
Mrs. Donnie Kelley, for love of whom an admirer shot his rival and then killed himself, has voluntarily gone into exile in her lonely home on Black Island to try to escape the shadow of tragedy which seems to have hung over her life for the last two years. Since March, 1907, four men have died in violent encounters in which the young widow played a principal role.

Further news of the shooting of Ottle Bush by her side in a buggy at Corning Sunday shows that for more than two hours the little woman sat shrinking from the clash that she knew was comtragedy which seems to have hung over March, 1997, four men have died in vio-lent encounters in which the young widow played a principal role. ## The Safest Investments

Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-gages), well secured on real estate in the District of Columbia, constitute "gilt edge" investments. They do not depend upon the financial responsibility of individuals or cor-porations for their stability and are exempt from taxation as personal property. We can supply such investments in amounts from \$500 upward. Send for booklet "Concerning Loans and Investments."
